Manhattan has the industry's most robust WMS and deepest and broadest set of supply chain execution solutions

ATLANTA, June 08, 2022 (GLOBE NEWSWIRE) -- [Manhattan Associates Inc.](#) (NASDAQ: MANH), a global leader in supply chain commerce solutions, today announced that it has been named a Leader in Gartner Magic Quadrant for Warehouse Management Systems¹ for the 14th time in a row. The report evaluated 17 vendors this year and Manhattan once again placed highest in its ability to execute and furthest right on completeness of vision. Manhattan has been named a Leader in every Gartner WMS Magic Quadrant since the report's inception in 2006.

The company is also a trailblazer in unifying warehouse, labor management, automation, transportation and yard management into a [comprehensive supply chain execution solution](#). Backed by the industry's most-experienced services and support teams, Manhattan's WMS solutions are game-changers for any company operating in complex, demanding and unpredictable environments.

"We are delighted to once again be named a Leader in Warehouse Management Solutions by Gartner Research," said Brian Kinsella, senior vice president of Product Management for Manhattan Associates. "We consider our position to reflect a combination of our breakthrough Manhattan Active technology platform and our industry leading functional innovation. The opportunity to collaborate with so many of the world's best supply chain practitioners allows us to enhance Manhattan Active WM faster than ever."

[Manhattan Active® Warehouse Management](#) is cloud-native and built on a microservices architecture to meet the challenges of today and tomorrow. It advances warehouse operations beyond basic picking, packing and shipping to create and flawlessly execute a hyper-flow of goods and information through the distribution center. Infused with behavioral science and gamification, it creates more compelling and rewarding experiences for warehouse associates.
