Manhattan supply chain experts will discuss industry trends, technologies, and innovations that are revolutionizing and shaping supply chains domestically and internationally in the following sessions:

- Monday March 17, 10:30-11:15 a.m.: Manhattan Senior Director Peter Schnorbach will present, "Labor Management: There's More Than One Right Approach," in Theater E of the Georgia World Congress Center.
-- This session will focus on the various approaches to LMS, including time tracking and throughput, labor standards, reasonable expectancies, and incentive based pay.
- Tuesday March 18, 10:15-11:15 a.m.: Manhattan Senior Director Mike Mulqueen and [The Home Depot](#) Senior Manager Raj Patel will co-present, "Key Macro Trends in Retail Operations and How Logistics Technologies are Responding," in Theater B of the Georgia World Congress Center.
-- This session will focus on the changing landscape of retail and how transportation and distribution solutions are evolving to support these changes. Key trends that will be highlighted include mobility, the synchronization of distribution and transportation processes, as well as the increased need for agility in fulfilling direct to consumer orders.
- Tuesday March 18, 12:45-1:30 p.m.: Manhattan Senior Director Eric Lamphier will present, "Distribution Management in an Omni-Channel World," in Theater D of the Georgia World Congress Center.
-- This session will focus on how retailers, manufacturers and wholesalers are conquering omni-channel distribution challenges and retaining consumers.

Manhattan will co-host an evening networking reception at [STATS](#) with [enVista](#), a Manhattan partner and leading supply chain consulting and IT services firm, Tuesday March 18 from 6-9 p.m.
