Proxy Statement

Annual Meeting of Shareholders
To Be Held May 21, 2004

INFORMATION CONCERNING SOLICITATION AND VOTING

Shareholders Meeting

This Proxy Statement and the enclosed proxy card ("Proxy") are furnished on behalf of the Board of Directors of Manhattan Associates, Inc., a Georgia corporation (the "Company" or "we"), for use at the Annual Meeting of Shareholders to be held on Friday, May 21, 2004, at 9:00 a.m., Atlanta, Georgia time (the "Annual Meeting"), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at 2300 Windy Ridge Parkway, Atlanta, Georgia 30339. The Company intends to mail this Proxy Statement and the accompanying Proxy on or about April 26, 2004, to all shareholders entitled to vote at the Annual Meeting.

Shareholders Entitled to Vote

Only holders of record of the Company's \$.01 par value per share common stock (the "Common Stock") at the close of business on March 31, 2004 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on March 31, 2004, the Company had outstanding and entitled to vote 30,231,096 shares of Common Stock. Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting. Any shareholder who signs and returns a Proxy has the power to revoke it at any time before it is exercised by providing written notice of revocation to the Secretary of the Company or by filing with the Secretary of the Company a Proxy bearing a later date. The holders of a majority of the total shares of Common Stock outstanding on the record date, whether present at the Annual Meeting in person or represented by Proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The shares held by each shareholder who signs and returns the enclosed Proxy will be counted for the purposes of determining the presence of a quorum at the meeting, whether or not the shareholder abstains on all or any matter to be acted on at the meeting. Abstentions and broker non-votes both will be counted toward fulfillment of quorum requirements. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Counting of Votes

The purpose of the Annual Meeting is to consider and act upon the matters that are listed in the accompanying Notice of Annual Meeting and set forth in this Proxy Statement. The enclosed Proxy provides a means for a shareholder to vote upon all of the matters listed in the accompanying Notice of Annual Meeting and described in the Proxy Statement. The enclosed Proxy also provides a means for a shareholder to vote for all of the nominees for Director listed thereon or to withhold authority to vote for one or more of such nominees. The Company's Bylaws provide that Directors are elected by a plurality of the votes cast. Plurality means that the nominees who receive the most votes for the available directorships will be elected as Directors. Accordingly, the withholding of authority by a shareholder (including broker non-votes) will not be counted in computing a plurality and thus will have no effect on the results of the election of such nominees.

The accompanying Proxy also provides a means for a shareholder to vote for, against or abstain from voting on the other matters to be acted upon at the Annual Meeting. Each Proxy will be voted in accordance with the shareholder's directions. Ratification of the selection of independent auditors and approval of any other matters as may properly come before the meeting will require the affirmative vote of a majority of the shares of Common Stock present in person or represented by a Proxy and entitled to vote at the meeting. Abstentions with respect to such proposals will have the same effect as a vote against the proposals. With respect to broker non-votes, the shares will not be considered present at the meeting for the proposal to which authority was withheld. Consequently, broker non-votes will not be counted with regard to such proposals, but they will have the effect of reducing the number of affirmative votes required to approve the proposals, because they reduce the number of shares present or represented from which a majority is calculated.

Proxies

When the enclosed Proxy is properly signed and returned, the shares that it represents will be voted at the Annual Meeting in accordance with the instructions noted thereon. In the absence of such instructions, the shares represented by a signed Proxy will be voted in favor of the nominees for election to the Board of Directors and in favor of the ratification of the selection of independent auditors.

PROPOSAL 1

ELECTION OF DIRECTORS

Introduction

At the Annual Meeting, two directors are to be elected for the terms described below. The Board of Directors is divided into three classes, each of whose

members serve for staggered three-year terms. The Board is

currently comprised of two Class I directors (Messrs. Goodwin and Cassidy), two Class II directors (Messrs. Hadrill and Raghavan) and two Class III directors (Messrs. Huntz and Noonan). At each annual meeting of shareholders, a class of directors will be elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The terms of the Class I directors, Class II directors and Class III directors will expire upon the election and qualification of successor directors at the 2005, 2006 and 2004 annual meeting of shareholders, respectively. There are no family relationships among any of the directors or director nominees of the Company.

The Board of Directors has adopted a policy statement that provides as follows: “[i]t is the policy of Manhattan Associates, Inc., in order to ensure full representation of the Company’s shareholders on the Board of Directors and to enhance the Company’s access to talented managerial advisors, that no non-employee director of the Company shall serve as a director for more than eight consecutive years and that each non-employee director when first elected to the Board of Directors (including after a period of non-service) shall serve only until the next annual meeting of shareholders, unless nominated by the Board of Directors prior to such meeting to be included in the Company’s staggered board in a manner determined by the Board of Directors.”

Shares represented by executed Proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board of Directors may select. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

The Board of Directors recommends a vote **FOR** each named nominee.

Board of Directors Meetings, Committees and Compensation

The Board of Directors currently consists of six members, four of whom (Messrs. Huntz, Cassidy, Goodwin and Noonan) have been determined by the Board of Directors to be "independent" as that term is defined under the corporate governance rules of the NASDAQ Stock Market. In compliance with the NASDAQ corporate

governance rules, the independent Directors of the Company conduct regularly scheduled meetings without the presence of non-independent directors or management.

During 2003, the Board of Directors held four meetings. All of the incumbent directors attended at least 75% of the aggregate total number of meetings of the Board of Directors and meetings of committees of the Board of Directors on which they served. Because we schedule our spring Board meeting in conjunction with the annual meeting of shareholders, our Directors are invited to the annual meeting of shareholders, and one Director attended our 2003 annual meeting.

The non-employee Chairman of the Board of Directors receives an annual retainer of \$150,000, payable on the first of each quarter. Non-employee members of the Board of Directors receive an annual retainer of \$35,000 payable on the first of each quarter. All non-employee members of the Board of Directors received \$1,500 for each board meeting attended in 2003 and \$1,500 for each committee meeting held independently of a board meeting. In 2003, the Company granted stock options to purchase 20,000 shares of Common Stock to each non-employee director, except that Mr. Dabbieri, who served the Company as a non-employee Chairman of the Board from January 1, 2003 until April 24, 2003, was granted stock options to purchase 10,000 shares of Common Stock. Going forward, each non-employee director is entitled to a grant of stock options to purchase 5,000 shares of Common Stock at the beginning of each quarter during which he serves as a director. All of these options have an exercise price equal to the fair market value of the Common Stock on the date of grant, are exercisable immediately and have a term of ten years. In addition, the Company granted a one time grant of \$50,000 of restricted stock to the non-executive Chairman and a one time grant of \$30,000 of restricted stock to each other non-employee director, each vesting in equal installments over the remainder of the director's present elected term. Any non-employee director who joins the Board of Directors in the future will be entitled to a one time grant of \$30,000 of restricted stock, vesting in equal installments over the remainder of the director's initial elected term.

The Board of Directors has established three permanent committees that have certain responsibilities for our governance and management. Three of these committees were in place in 2003 and include the Audit Committee, the Compensation Committee and the Nomination and Governance Committee (the "Nominating Committee"). Prior to forming the Nominating Committee, we had no standing nominating or other committee performing similar functions, and the Board of Directors as a whole acted as a nominating committee to select nominees for election as directors. Charters for the Audit Committee and Nominating Committee can be found on our web site at www.manh.com.

Audit Committee. During 2003, the Audit Committee consisted of Messrs. Huntz, Goodwin and Noonan. Mr. Huntz serves as chairman of the committee. The Board of Directors has determined that each member of the Audit Committee meets the independence and experience requirements applicable to members of the Audit Committee of a NASDAQ-traded company, as well as the Audit Committee independence standards established by the SEC. Further, the Board has determined that Messrs. Huntz, Goodwin and Noonan are "Audit Committee Financial Experts," as defined by the rules of the SEC. The Audit Committee recommends the selection of our independent auditors, reviews the scope of the audit to be conducted by them, as well as the results of their audit, reviews the scope of our internal system of controls, appraises our financial reporting activities (including our proxy statement and annual report) and the accounting standards and principles followed. The Audit Committee also reviews and discusses with management and the independent auditors various topics and events that may have significant financial impact on the company, and reviews and discusses with management major financial risk exposure and steps management has taken to monitor and control such exposure. Additionally, the Committee reviews the adequacy and effectiveness of the Company's internal controls, internal audit procedures, and disclosure controls and procedures, and management reports thereon. The Chairman of the Audit Committee is to be contacted by the Chief Financial Officer or the independent auditor to review items of a sensitive nature that can impact the accuracy of financial reporting, and to discuss significant issues relative to overall Board responsibility that have been communicated to management, but may warrant follow up to the Audit Committee. During the fiscal year ended December 31, 2003, the Audit Committee met four times.

Compensation Committee. During 2003, the Compensation Committee consisted of Messrs. Noonan, Huntz and Goodwin. Mr. Noonan serves as chairman of the committee. Mr. Cassidy was elected to replace Mr. Goodwin as a member of the Compensation Committee effective April 20, 2004. The Board of Directors has determined that all members of the Compensation Committee meet the independence requirements of the NASDAQ corporate governance rules. The Compensation Committee approves the compensation and benefits of all of our executive

officers, reviews general policies relating to compensation and benefits of our employees and makes recommendations concerning certain of these matters to the Board of Directors. The Compensation Committee also administers the Company's stock option plans and establishes the terms and conditions of all stock options granted under these plans. During the fiscal year ended December 31, 2003, the Compensation Committee met 5 times.

Nomination and Governance Committee. Established on July 17, 2003, our Nomination and Governance Committee (the "Nominating Committee") consists of Messrs. Goodwin and Huntz. Mr. Goodwin serves as chairman of the committee. The Nominating Committee is appointed by the Board of Directors to identify and assist in recruiting outstanding individuals who qualify to serve as Board members and to recommend that the Board select a slate of director nominees for election by the Company's shareholders at each annual meeting of the Company's shareholders in accordance with the Company's Articles of Incorporation, Bylaws and Georgia law; to recommend directors for appointment to each Board committee; to review the performance of the Board and its committees and make appropriate recommendations; and to oversee the Company's corporate governance guidelines and periodically re-evaluate such corporate governance guidelines for the purpose of suggesting changes if appropriate. The Nominating Committee has adopted a written charter approved by the Board of Directors which has been posted in the Investor Relations section of our web site at www.manh.com.

As appropriate, the Nominating Committee actively seeks, interviews and evaluates individuals qualified to become board members for recommendation to the Board, has the power to hire legal, accounting, financial or other advisors as they may deem necessary in their judgment, has the sole authority to retain and terminate any search firm to be used to identify director candidates and has sole authority to approve the search firm's fees and other retention terms. In addition, the Nominating Committee periodically reviews the independence of each director, as such term is interpreted under the applicable provisions of the Securities Exchange Act of 1934 and the applicable rules of the Nasdaq National Market, periodically reviews and assesses the performance of the Board and its committees and report such assessment, including any recommendations for proposed changes, to the Board, periodically reviews and reassesses the adequacy of the Company's corporate governance guidelines and recommends any proposed changes to the Board, periodically makes reports to the Board regarding the committee's evaluation of the Board members, its committees and members thereof and the corporate governance guidelines of the Company, and periodically reviews and reassesses the adequacy of the Nominating Charter and recommend any proposed changes to the Board. During the fiscal year ended December 31, 2003, the Nominating Committee met once.

In accordance with the provisions of our Articles of Incorporation and Bylaws, shareholders may directly nominate prospective director candidates by delivering to our Corporate Secretary certain information about the nominee (reflecting the disclosure requirements of the SEC's proxy rules concerning nominees for directorships) no less than 90 days and no more than 120 days in advance of the first anniversary of the prior year's annual meeting. The Nominating Committee has not adopted a formal policy with regard to consideration of any director candidate nominated by shareholders. The Nominating Committee believes that such a policy is not necessary or appropriate because of the shareholders' ability to directly nominate director candidates for the Board.

Code of Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics that is applicable to all members of our Board of Directors, our executive officers and our employees. We have posted the policy in the Investor Relations section of our web site at www.manh.com. If, in the future, we amend, modify or waive a provision in the Code of Business Conduct and Ethics, we may, rather than filing a Form 8-K, satisfy the disclosure requirement under Item 10 of Form 8-K by posting such information on our web site as necessary.

- (1) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on the fair market value per share on the date of grant and assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. These assumptions are mandated by the rules of the Securities and Exchange Commission and are not intended to forecast future appreciation of the Company's stock price. The potential realizable value computation is net of the applicable exercise price, but does not take into account federal or state income tax consequences and other expenses of option exercises or sales of appreciated stock. Actual gains, if any, are dependent upon the timing of such exercise and the future performance of the Common Stock. There can be no assurance that the rates of appreciation in this table can be achieved. This table does not take into account any appreciation in the price of the Common Stock to date.

Aggregated Option Exercises in Last Fiscal Year and Year-End Option Values

The following table summarizes the number of shares and value realized by each of the Named Executive Officers upon the exercise of options during the fiscal year ended December 31, 2003 and the value of the outstanding options held by the Named Executive Officers at December 31, 2003:

Name	Shares Acquired on Exercise	Value Realized (1)	Number of Securities Underlying Unexercised Options at Fiscal Year End		Value of Unexercised In-the-Money Options at Fiscal Year-End (2)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Richard M. Haddrill	42,030	\$ 792,318	300,000	500,000	\$ 884,500	\$ 2,832,500
Jeffrey W. Baum	242,001	4,813,346	40,499	85,500	80,006	253,960
Jeffrey S. Mitchell	60,000	986,780	58,000	239,000	164,880	911,815
Eric Peters	4,999	62,489	22,001	178,000	5,888	199,320
Ramesh Srinivasan	35,749	474,412	23,001	195,250	11,135	366,375

- (1) Amounts disclosed in this column do not reflect amounts actually received by the Named Executive Officers but are calculated based on the difference between the fair market value on the date of exercise of the options and the exercise price of the options. The Named Executive Officers will receive cash only if and when they sell the Common Stock issued upon exercise of the options, and the net amount of cash received by such individuals is dependent on the price of the Common Stock at the time of such sale, as well as federal and state income taxes and other expenses of option exercises and sales of stock.
- (2) Based on the fair market value of the Common Stock as of December 31, 2003 of \$27.64 per share as reported on the Nasdaq National Market, less the exercise price payable upon exercise of such options.

Stock Option Plans

The following table provides information regarding the Company's equity compensation plans as of December 31, 2003:

Equity Compensation Plan Information

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans approved by security holders	6,328,442	\$ 21.08	1,023,224
Equity compensation plans not approved by security holders	—	—	—
Total	6,328,442	\$ 21.08	1,023,224

Manhattan Associates, LLC Option Plan. The Manhattan Associates, LLC Option Plan (the "LLC Option Plan") became effective on January 1, 1997. The aggregate number of shares reserved for issuance under the LLC Option Plan was 5,000,000 shares. The purpose of the LLC Option Plan was to provide incentives for key employees, officers, consultants and directors to promote the success of Manhattan and to enhance the Company's ability to attract and retain the services of such persons. Options granted under the LLC Option Plan were not options intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Since February 28, 1998, no additional options could be granted pursuant to the LLC Option Plan.

As of March 31, 2004, there were outstanding options to purchase 402,576 shares of Common Stock under the LLC Option Plan at a weighted average exercise price of \$4.20 per share.

Stock Incentive Plan. The Manhattan Associates, Inc. Stock Incentive Plan (the "Stock Incentive Plan") was adopted by the Board of Directors and approved by the Company's shareholders in February 1998. As amended to date, up to 13,603,085 shares of Common Stock (subject to adjustment in the event of stock splits and other similar events), less the number of shares issued under the LLC Option Plan, may be issued pursuant to stock options and other stock incentives granted under the Stock Incentive Plan. The number of shares available for issuance under the Stock Incentive Plan is automatically adjusted, without shareholder approval, on the first day of each fiscal year, by a number of shares such that the total number of shares reserved for issuance under the Stock Incentive Plan equals the sum of (i) the aggregate number of shares previously issued under the Stock Incentive Plan and the LLC Option Plan; (ii) the aggregate number of shares subject to then outstanding stock incentives granted under the Stock Incentive Plan and the LLC Option Plan; and (iii) 5% of the number of shares of Common Stock

outstanding on the last day of the preceding fiscal year. However, no more than 1,000,000 of the shares available for grant each year shall be available for issuance pursuant to incentive stock options, and no more than 10,000,000 shares resulting from such automatic adjustments may ever be issued during the term of the Stock Incentive Plan. On January 1, 2004, the number of shares of Common Stock available for issuance under the Plan automatically increased 1,157,565 shares to 13,603,085 shares pursuant to this provision. As of March 31, 2004, there were outstanding options or other stock incentives to acquire 6,975,823 shares of Common Stock under the Stock Incentive Plan at a weighted average exercise price of \$24.45 per share.

The Stock Incentive Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Code, nonstatutory stock options, restricted stock awards and stock appreciation rights (“SARs”, and, together with the other options and incentives, “Awards”). Officers, employees, directors, advisors and consultants of the Company and its subsidiaries are eligible to be granted Awards under the Stock Incentive Plan. Under present law, however, incentive stock options may be granted only to employees. The granting of Awards under the Stock Incentive Plan is discretionary. The Company will be required to recognize compensation expense over the vesting period of any SARs granted.

Optionees receive the right to purchase a specified number of shares of Common Stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options may be granted at an exercise price that may be less than, equal to or greater than the fair market value of the Common Stock on the date of grant. Under present law, incentive stock options may not be granted at an exercise price less than the fair market value of the Common Stock on the date of grant (or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of the Company’s voting power). The Stock Incentive Plan permits the payment of the exercise price of options to be in the form of cash, or if the individual option agreement so provides, by surrender to the Company of shares of Common Stock or by a cashless exercise through a brokerage transaction.

The Stock Incentive Plan is administered by the Compensation Committee of the Board of Directors. The committee has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the Stock Incentive Plan generally and to interpret the provisions thereof. The Committee may amend, modify or terminate any outstanding Award and with respect to new Awards will determine:

- the number of shares of Common Stock covered by options, restricted stock awards or SARs and the dates upon which such options or SARs become exercisable;
- the exercise price of options and SARs and the purchase price, if any, of restricted stock;
- the duration of options and SARs; and
- the conditions and duration of restrictions on restricted stock.

No Award may be made under the Stock Incentive Plan after February 2008, but Awards previously granted may extend beyond that time. The Board of Directors may at any time terminate the Stock Incentive Plan. Any such termination will not affect outstanding options, restricted stock or SARs.

Other Options. In addition to options issued under the LLC Option Plan and the Stock Incentive Plan, as of March 31, 2004, there were outstanding options to purchase an aggregate of 58,458 shares of Common Stock to employees outside of the LLC Option Plan and the Stock Incentive Plan at a weighted average exercise price of \$0.56 per share.

Limitation of Liability and Indemnification of Officers and Directors

The Company’s Articles of Incorporation provide that the liability of the directors to the shareholders for monetary damages shall be limited to the fullest extent permissible under Georgia law. This limitation of liability does not affect the availability of injunctive relief or other equitable remedies.

The Company's Bylaws provide that the Company will indemnify each of its officers, directors, employees and agents to the extent that he or she is or was a party, or is threatened to be made a party, to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative because he or she is or was a director, officer, employee or agent of the Company, against reasonable expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with such action, suit or proceeding; provided, however, that no indemnification shall be made for:

- any appropriation, in violation of his or her duties, of any business opportunity of the Company;
- acts or omissions that involve intentional misconduct or a knowing violation of law;
- any liability under Section 14-2-832 of the GBCC, which relates to unlawful payments of dividends and unlawful stock repurchases and redemptions; or
- any transaction from which he or she derived an improper personal benefit.

The Company has entered into indemnification agreements with certain officers and directors providing indemnification similar to that provided in the Bylaws.

Compensation Committee Interlocks and Insider Participation

The following non-employee directors were the members of the Compensation Committee of the Board of Directors during 2003: John J. Huntz, Jr., Paul R. Goodwin and Thomas E. Noonan. To the Company's knowledge, there were no interlocking relationships involving members of the Compensation Committee or other directors requiring disclosure in this Proxy Statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who own beneficially more than 10% of the Common Stock to file reports of ownership and changes in ownership of such stock with the Securities and Exchange Commission. To the Company's knowledge, all directors, executive officers and 10% shareholders complied during 2003 and 2004 with all applicable Section 16(a) filing requirements except late filings to report stock option grants to Messrs. Cassidy, Hardesty, Huntz, Noonan and Raghavan on Form 4s in February 2003, to report stock option grants to Messrs. Baum and Mitchell on Form 5s, to report stock option grants to Mr. Mitchell on a Form 4 in February 2004 and to report stock option grants to Messrs. Baum, Quibell, Mitchell, Peters and Srinivasan in March 2004 on Form 4s. Each of these transactions have been reported subsequently.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

General

The Compensation Committee of the Company's Board of Directors (the "Committee") has furnished the following report on Executive Compensation in accordance with the rules and regulations of the Securities and Exchange Commission. This report outlines the duties of the Committee with respect to executive compensation, the various components of the Company's compensation program for executive officers and other key employees, and the basis on which the 2003 compensation was determined for the executive officers of the Company, with particular detail given to the 2003 compensation for the Company's Chairman of the Board and Chief Executive Officer.

Compensation of Executive Officers Generally

The Committee is responsible for establishing compensation levels for the executive officers of the Company, including the annual bonus plan for executive officers and for administering the Company's Stock Incentive Plan. The Committee is currently comprised of three non-employee directors: Messrs. Noonan

(Chairman), Huntz and Goodwin. The Committee's overall objective is to establish a compensation policy that will (i) attract, retain and reward executives who contribute to achieving the Company's business objectives; (ii) motivate executives to obtain these objectives; and (iii) align the interests of executives with those of the Company's long-term investors. The Company compensates executive officers with a combination of salary and incentives designed to focus their efforts on maximizing both the near-term and long-term financial performance of the Company. In addition, the Company's compensation program rewards individual performance that furthers Company goals. The executive compensation program includes the following: (i) base salary; (ii) incentive bonuses; (iii) long-term equity incentive awards in the form of stock option grants; and (iv) other benefits. Each executive officer's compensation package is designed to provide an appropriately weighted mix of these elements, which cumulatively provide a level of compensation roughly equivalent to that paid by companies of similar size and complexity.

Base Salary. Base Salary levels for each of the Company's executive officers, including the Chief Executive Officer, are generally set within a range of base salaries that the Committee believes are paid to similar executive officers at companies deemed comparable based on the similarity in revenue level, industry segment and competitive employment market to the Company. In addition, the Committee generally takes into account the Company's past financial performance and future expectations, as well as the performance of the executives and changes in the executives' responsibilities.

Incentive Bonuses. The Committee recommends the payment of bonuses to provide an incentive to executive officers to be productive over the course of each fiscal year. These bonuses are awarded based on a combination of the Company achieving certain corporate performance objectives and individual goals for each respective executive officer.

Equity Incentives. Stock options are used by the Company for payment of long-term compensation to provide a stock-based incentive to improve the Company's financial performance and to assist in the recruitment, retention and motivation of professional, managerial and other personnel. Generally, stock options are granted to executive officers from time to time based primarily upon the individual's actual and/or potential contributions to the Company and the Company's financial performance. Stock options are designed to align the interests of the Company's executive officers with those of its shareholders by encouraging executive officers to enhance the value of the Company, the price of the Common Stock, and hence, the shareholder's return. In addition, the vesting of stock options over a period of time is designed to create an incentive for the individual to remain with the Company. The Company has granted options to the executives on an ongoing basis to provide continuing incentives to the executives to meet future performance goals and to remain with the Company. During the fiscal year ended December 31, 2003, options to purchase an aggregate 384,000 shares of Common Stock were granted to the Company's executive officers.

Other Benefits. Benefits offered to the Company's executive officers are provided to serve as a safety net of protection against the financial catastrophes that can result from illness, disability or death. Benefits offered to the Company's executive officers are substantially the same as those offered to all of the Company's regular employees. In 1995, the Company established a tax-qualified deferred compensation 401(k) Savings Plan (the "Plan") covering all of the Company's eligible full-time employees. Under the Plan, participants may elect to contribute, through salary reductions, up to 18% of their annual compensation subject to a statutory maximum. The Company provides additional matching contributions in the amount of 50% up to the first 6% contributed under the Plan. The Plan is designed to qualify under Section 401 of the Internal Revenue Code so that the contributions by employees or by the Company to the Plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the Plan, and so that contributions by the Company will be deductible by the Company when made.

Compensation of the Chief Executive Officer

The Committee annually reviews the performance and compensation of the Chief Executive Officer based on the assessment of his past performance and its expectation of his future contributions to the Company's performance. Richard M. Haddrill has served as the Company's Chief Executive Officer since October 1999. For the fiscal year ending December 31, 2003, Mr. Haddrill's compensation plan included an annual base salary of

\$357,305 and a bonus of \$471,810 based on certain financial criteria of the Company. The Committee believes the compensation paid to Mr. Haddrill was reasonable.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of one million dollars paid by a corporation to its Chief Executive Officer and its other four most highly compensated executive officers. The Company has not established a policy with regard to Section 162(m) of the Code, because the Company does not currently anticipate paying cash compensation in excess of one million dollars per annum to any employee. The Board of Directors will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

STOCK PERFORMANCE GRAPH

The following line-graph provides a comparison of the cumulative total shareholder return on the Common Stock for the period from December 31, 1998, through December 31, 2003, against the cumulative shareholder return during such period achieved by The Nasdaq Stock Market (U.S. Companies) (“Nasdaq US”) and the Index for Nasdaq Listed Supply Chain Solution Provider Stocks (the “Peer Group”). The graph assumes that \$100 was invested on December 31, 1998 in the Common Stock and in each of the comparison indices, and assumes reinvestment of dividends.

The Stock Performance Graph shall not be deemed incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

RELATED PARTY TRANSACTIONS

During 2003, David K. Dabbieri, a brother of Alan J. Dabbieri, was employed by the Company as Senior Vice President, Chief Legal Officer and Secretary and received aggregate payments of \$200,250 in that capacity. In addition, the Company granted options to purchase 15,000 shares of Common Stock at \$27.77 per share to Mr. Dabbieri during 2003. During the year ended December 31, 2003, the Company sold software and services for approximately \$400,000 to Bridge Technology Corporation, whose Chief Executive Officer is Ron Dabbieri, a brother of Alan J. Dabbieri. The rates, terms and consideration of the transaction approximated those with unrelated parties.

AUDIT COMMITTEE REPORT

The Audit Committee is directly responsible for the appointment, compensation and oversight of the Company's independent auditors. In this regard, the Audit Committee pre-approves all audit services and non-audit services to be provided to the Company by its independent auditor. The Audit Committee may delegate to one or more of its members the authority to grant the approvals. The decision of any member to whom authority is delegated to approve services to be performed by the Company's independent auditors is presented to the full Audit Committee at its next scheduled meeting. The Audit Committee may not approve any service that individually or in the aggregate may impair, in the Audit Committee's opinion, the independence of the independent auditor.

The Audit Committee of the Board of Directors currently consists of Messrs. Huntz (Chairman), Goodwin and Noonan, all of whom meet the independence requirements of The Nasdaq Stock Market, Inc. During fiscal 2000, the Audit Committee of the Board of Directors developed a charter for the Audit Committee, which was approved by both the Audit Committee and the full Board on June 30, 2000. The complete text of the charter is attached as "Annex A" hereto.

In overseeing the preparation of the Company's financial statements, the Audit Committee met with both management and the Company's independent auditors to review and discuss the financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the independent auditors. The Audit Committee's review included discussion with the independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees).

With respect to the Company's independent auditors, the Audit Committee, among other things, discussed with Ernst & Young LLP, matters relating to its independence, including the disclosures made to the Audit Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003.

PROPOSAL 2

RATIFICATION AND SELECTION OF INDEPENDENT AUDITORS

In April 2004, the Board of Directors appointed the accounting firm of Ernst & Young LLP to serve as its independent auditor for the fiscal year ending December 31, 2004. The appointment of this firm was recommended to the Board by its Audit Committee. A proposal to ratify that appointment will be presented at the Annual Meeting. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an

opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

On April 24, 2002, the Board of Directors, upon recommendation of the Audit Committee, dismissed Arthur Andersen LLP as the Company's independent auditors. The dismissal of Arthur Andersen occurred simultaneously with the Company's initial engagement of Ernst & Young LLP. Arthur Andersen's reports on the Company's financial statements for fiscal years 2001 and 2000 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2001 and 2000 and through the date of Arthur Andersen's dismissal, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure that, if not resolved to Arthur Andersen's satisfaction, would have caused it to make reference to the subject matter in connection with its report on the Company's financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K. During the two most recent fiscal years and subsequent interim period prior to the Company's engagement of Ernst & Young, the Company did not consult with Ernst & Young regarding either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any matter that was either the subject of disagreement on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures or a reportable event, as defined in Item 304(a)(1)(v) of Regulation S-K.

Audit and Non-Audit Fees

The following table presents the aggregate fees for professional audit services rendered by Ernst & Young LLP for the audit of our annual financial statements for the most recent fiscal year ended December 31, 2003 and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for the same fiscal year and fees billed for other services rendered by Ernst & Young LLP during those periods:

	2003	2002
Audit Fees (1)	\$292,000	\$219,000
Audit Related Fees (2)	480,000	117,000
Tax Fees (3)	210,000	104,000
All Other Fees (4)	—	—
TOTAL FEES	\$982,000	\$ 440,000

- (1) Audit fees consisted of charges related to audit work performed in preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, such as statutory audits.
- (2) Audit-related fees consisted of charges principally related to professional services rendered for assurance and related services that are reasonably related to the performance of the audit or review of the financial statements.
- (3) Tax fees consisted of charges principally related to services associated with tax compliance, tax planning and tax advice.
- (4) All other fees include charges for products and/or services other than those described above.

The Audit Committee has determined that the provision of non-audit services by Ernst & Young LLP is compatible with maintaining the independent auditor's independence.

The Board of Directors recommends a vote **FOR** ratification of the selection of independent auditors.

AUDIT COMMITTEE CHARTER

ORGANIZATION

There shall be a committee of the Board of Directors to be known as the Audit Committee. The Audit Committee shall be composed of directors who are independent of the management of the corporation and are free of any relationship that, in the opinion of the Board of Directors, would interfere with their exercise of independent judgment as a committee member. "Independent" means a Director who meets the National Board of Securities Dealer definition of "independence" as determined by the Board of Directors.

STATEMENT OF POLICY

The Audit Committee shall represent and provide assistance to the Board of Directors in fulfilling their responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices of the corporation, and the quality and integrity of the financial reports of the corporation. In so doing, it is the responsibility of the Audit Committee to maintain free and open means of communication between the Board of Directors, the independent auditor, and the financial Management of the corporation.

RESPONSIBILITIES

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible, in order to best react to changing conditions and to ensure to the Board of Directors and the shareholders of the corporation that the accounting and reporting practices of the corporation are in accordance with all regulatory, statutory and generally accepted requirements and are of the highest quality.

In carrying out these responsibilities, the Audit Committee will:

- Meet four times per year at a minimum, or more frequently as circumstances require. The Committee may ask members of Management or others to attend meetings and provide pertinent information as necessary.
 - Confirm and assure the independence of the independent auditor.
 - Evaluate and appoint the independent auditor to audit the financial statements of the corporation and its subsidiaries, as well as recommend such independent auditor's retention or discharge.
 - Meet with the independent auditor and financial Management of the corporation to review the scope of the proposed audit for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including any comments or recommendations of the independent auditor.
 - Inquire of Management and the independent auditor about significant risks or exposures and assess the steps Management has taken to minimize such risk to the corporation.
 - Meet as necessary with the independent auditor and Management in separate executive sessions to discuss any matters that the Committee or these groups believe should be discussed privately with the Audit Committee.
-

- Review with the independent auditor and financial Management of the Corporation, the adequacy and effectiveness of the accounting and financial controls of the corporation, and elicit any recommendations for the improvement of internal control procedures or particular areas where new or more effective and/or efficient controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions, or procedures that might be deemed illegal or otherwise improper. Further, the Committee periodically should review policy statements of the corporation to determine adherence to the code of conduct.
- Review the financial statements contained in the annual report to shareholders with Management and the independent auditor to determine that the independent auditor is satisfied with the disclosure and content of the financial statements to be presented to the shareholders. Any changes in accounting principles should be reviewed.
- Provide sufficient opportunity for the independent auditor to meet with the members of the Audit Committee without members of Management present. The items to be discussed in these meetings are the independent auditor's evaluation of the corporation's financial and accounting personnel, and the cooperation that the independent auditor received during the course of the audit.
- Submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each Committee meeting with, the Board of Directors.
- Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.
- Review with Management and the independent auditor the interim financial reports before filing with the SEC or other regulators.
- Review policies and procedures with respect to Officers' expense accounts and perquisites, including their use of corporate assets, and consider the results of any review of these areas by the independent auditor.
- Review and recommend any updates to the Committee's charter annually.
