Explanation of Responses:

- The options were 100% vested as of the date of grant, which was 04/03/2006.
- On November 30, 2010, the reporting person reported his exercise on November 26, 2010 of options to acquire 845 shares from the same grant of options reported in this row. That prior report indicated in column 8 of Table II that options to acquire 4,155 shares remained in that grant following the reported exercise. However, since that exercise actually occurred subsequent to the exercise of options to acquire 4,155 shares reported in this Form 4, the prior report should instead have indicated that zero options then remained. Column 8 of Table II of this report reflects the number of options remaining after the November 24 exercise reported in this Form 4, but before the exercise of the remaining options that occurred on November 26.
